

**Yellow Brick Road Casino**  
**The Lounge with Caesars Sports**  
**House Rules**

These House Rules (the “**Sports Book House Rules**”) apply to the sports events offered for wagering and wagers placed at Yellow Brick Road Casino’s sports book, The Lounge with Caesars Sports (the “**Sports Book**”).

The Sports Book House Rules consist of the following sections:

- The **General Rules**; and
- The **Individual Sports Rules**, which apply to certain sports on a sport by sport basis.

These Sports Book House Rules, as written, control in all circumstances unless there is an express exception, different or contradictory rule or a new rule, not contained in these Sports Book House Rules, set forth on betting sheets or other official printed wagering information and media created by Yellow Brick Road Casino and distributed for use at the Yellow Brick Road Casino and/or the Sports Book, in which case the exception(s) and/or rule(s) contained within such betting sheets or other official printed wagering information and media shall control.

With respect to these Sports Book House Rules, the General Rules apply to all Sports Book wagers unless stated otherwise in the Individual Sports Rules. If there is any inconsistency between the Individual Sports Rules and the General Rules, the Individual Sports Rules shall prevail. If a particular sport or sports event, and/or authorized wager type, is not referenced in the Individual Sports Rules, the General Rules shall apply.

The Sports Book reserves the right to amend the Sports Book House Rules, including the payout odds contained in these Sports Book House Rules at any time, subject to the approval of the Oneida Indian Nation Gaming Commission. Any such revision will be binding and effective immediately once such revisions or revised Sports Book House Rules are made available to guests through updates to the Sports Book House Rules displayed in the Sports Book lounge and posted on Yellow Brick Road Casino’s website, and any wagers accepted after the rule changes have been made available to guests shall be governed by the revised Sports Book House Rules.

As used in these Sports Book House Rules, “Action” means that a Sports Book wager stands; a wager deemed “No Action” means that a Sports Book wager is deemed invalid and will be refunded. A Sports Book wager must have “Action” to be payable. Whether or not a wager has “Action” is determined on a case-by-case basis.

Sports Book guests should review and become aware of all of the rules affecting any sport(s) and/or sports event(s) on which they wish to place a wager, including those that are contained in specific betting sheets or other official printed wagering information and media created by Yellow Brick Road Casino and distributed for use at the Yellow Brick Road Casino and/or the Sports Book.

**Guests should be sure to review all betting sheets to determine if different or additional rules will apply to a particular wager and/or sports wagering event.**

## 4. Wager Types and Wager Calculations

### 4.1 Wager Types

The Sports Book offers many different types of sports wagers. The list below describes some of the more common Sports Book wager types (rules for other Sports Book wagering types can be found in the Individual Sports Rules section below or within the Sports Book's betting sheets or other official printed wagering information and media):

- a. ***Straight wager:*** A straight wager is a wager on one selection in an event. The selection must be successful to get a payout.
- b. ***Side Wager or Point Spread Wager:*** A side wager or point spread wager is a straight wager on the point spread (also referred to as a straight wager in baseball).
- c. ***Total or Over/Under Wager:*** A Total or Over/Under wager is a wager for the total points scored between both teams that are playing against each other.
- d. ***Moneyline Wager:*** A Moneyline wager is a wager placed on a game without the point spread. To compensate for the point spread, the payout is handicapped based on the favorite or the underdog.
- e. ***Parlay:*** A parlay wager involves the number of selections chosen to win from different events. See Section 17 of the General Rules of these Sports Book House Rules below for additional rules for parlay wagering.
  - ***Two Selection Parlay Wager:*** Consists of one wager involving two selections in different events. Both must be successful to get a payout.
  - ***Three Selection Parlay Wager:*** Consists of one wager involving three selections in different events. All must be successful to get a payout.
  - ***Four Selection Parlay Wager:*** Like a parlay (above), a four wager parlay involves wagering across a number of different events, in this case four. All four selections must be successful to get a payout.
  - ***Five Selection Parlay Wager:*** One wager on five different selections. All five must be successful to get a payout.
  - ***Six Selection Parlay Wager:*** One wager on six different selections. All six selections must be successful to get a payout.
  - ***Seven Selection Parlay Wager:*** One wager on seven different selections. All seven selections must be successful to get a payout.
  - ***Eight Selection Parlay Wager:*** One wager on eight different selections. All eight selections must be successful to get a payout.
  - ***Other Parlays:*** One wager on nine or more (up to 20) different selections. All selections must be successful to get a payout.

- f. **Teaser Wager:** A teaser is a type of parlay where a guest can move the point spread or point total in his or her favor, but such a wager results in a lower payout.
- g. **Futures Wager:** A futures wager is a wager for some future event, such as wagering on a team before the season to win the championship.
- h. **In-Game Wager:** An in-game wager is a wager placed on a game or sports event while it is happening.
- i. **Round Robins:** Round Robins represent various possible wagering combinations. For example, if a guest makes ten selections and wants to combine them into all of the possible Six Parlay Wagers, his or her wager amount can be entered in the Six Selection Parlay Wager slip and all of the possible 210 Six Selection Parlay Wagers will be created as wagers for the guest. In this example a 1 dollar wager will cost 210 dollars.

## 4.2 Wager Calculations

Calculations for wager types are as follows:

- a. **Straight payoff:** To calculate the payout for a straight wager, add 1 to the corresponding decimal odds of a wager and multiply by the stake to determine the total payout (win + stake) of the wager. For example the total payout of a \$50 wager at -110 odds is calculated as  $(1 + (100/110)) * \$50 = \$95.45$ .
- b. **Side or Point spread payoff:** Side wagers or wagers on the point spread are offered at 11 to 10 odds (shown as -110), unless otherwise stated. For example, a player must wager \$11 to win \$10, or \$110 to win \$100.
- c. **Moneyline payoff:** The money line is expressed as a 3-digit number. For example, -120 means a player must wager \$120 for every \$100 they wish to win, and multiples thereof, and +150 means a player will win \$150 for every \$100 wager. Moneylines will be converted to corresponding decimal odds, which shall be used to determine the amount the wager will pay out as follows:
  - To convert a negative moneyline to its corresponding decimal odds, divide 100 by the positive value of the moneyline- a moneyline of -110 would result in .909 (ex.  $100 / 110 = .909$ ).
  - To convert a positive moneylines to their corresponding decimal odds, divide the moneyline by 100 - a moneyline of +150 would result in 1.50 (ex.  $150/100 = 1.50$ ).

The chart below provides further a further illustration of the calculation of moneyline payoffs:

-330	=	.303	-670	=	.149			
-340	=	.294	-680	=	.147			

- d. **Parlay payoff:** To calculate the payout for a parlay wager, add 1 to the corresponding decimal odds of each event of the parlay and multiply by the stake to determine how much the wager will pay out. For example a \$100 two event parlay with odds of -110 and +120 is calculated as  $(1 + (100/110)) * (1 + (120/100)) * \$100 = \$420$ .
- e. **Parlay cards:** If available, odds will be as stated on the Sports Book's parlay card wagering form.
- f. **Teaser payoff:** If available, odds are derived from a fixed payout chart.

## 5. Notification of Odds or Line Changes

Guests will be notified of odds or line changes in the following manner:

- a. Posted odds and events will be changed automatically on the electronic boards within the Sports Book lounge.
- b. Posted odds and events changes will be changed manually on all handwritten boards within the Sports Book lounge.
- c. Non-posted printed media will be updated on at least a weekly basis with the date of the last issue.

The Sports Book will accept Sports Book wagers on currently posted terms unless otherwise posted or noted on printed media (e.g., betting sheets).

## 6. In-Game Wagering

- a. In-game wagering shall be subject to these Sports Book House Rules and/or any rules contained in betting sheets or other official printed wagering information and media created by Yellow Brick Road Casino and distributed for use at the Yellow Brick Road Casino and/or the Sports Book.
- b. If the Sports Book erroneously accepts an in-game wager for a wager type for which the outcome has already been determined or for a wager type not scheduled to be an in-game wager and the event has begun, such wagers shall be deemed "No Action" and refunded (no winnings shall be payable in respect of it).
- c. The Sports Book, subject to available resources, shall use its reasonable efforts to suspend in-game wagers not scheduled to be turned on at the start of and at the end of the event, but does not guarantee that such wagers will be suspended at the relevant time.
- d. The Sports Book reserves the right at its absolute discretion to part-suspend or fully suspend outcomes/selections for a wager type that has been turned in-game.
- e. Guests are responsible for managing their in-game wagers at all times.
- f. For the purposes of in-game wagering, guests should be aware that transmissions described as "live" by some broadcasters may actually be delayed or pre-recorded. The extent of any delay may vary depending on the set-up through which they are receiving pictures or data. Please also be aware that, for operational reasons, wager requests made in-game may take slightly longer to process.

## **7. Results and Sports Book wager settlement**

### **7.1 General**

- a. Where the Individual Sports Rules (or the Sports Book's betting sheets or other official printed wagering information and media) do not specify how and on what basis a Sports Book wager will be settled, wagers will be settled on the official result of the applicable governing body regardless of any subsequent disqualification or amendment to the result.
- b. If no official result of an applicable governing body is available, the result will be determined by the Sports Book using information from independent sources. In such cases, if any new information comes into the public domain within 48 hours of settlement, then the Sports Book shall determine, in its sole discretion, either:
  - whether the Sports Book wager should be reinstated or resettled in light of this new information; or
  - whether or not to wait for further information before deciding whether to reinstate or resettle the Sports Book wager. Except where the Sportsbook has announced that it is waiting for further information, any information that comes into the public domain more than 48 hours after a Sports Book wager has been settled shall not be considered by the Sportsbook (regardless of whether or not such information may have led to a different result).
- c. In the event of any uncertainty about any result or potential result, the Sports Book reserves the right to suspend settlement of any Sports Book wager for an unlimited period until the uncertainty can be resolved to the reasonable satisfaction of the Sports Book. The Sports Book reserves the right to deem any Sports Book wager as "No Action" if the uncertainty regarding settlement cannot be resolved to the Sports Book's reasonable satisfaction.

### **7.2 Non Runners Rule**

- a. Unless stated otherwise in the General Rules, in the Individual Sports Rules or within the Sports Book's betting sheets or other official printed wagering information and media, Sports Book wagers are accepted and offered on an "all-in compete or not" basis. This means that, if a player, team or other competitor is withdrawn from an event (whether he, she or it pulls out of the event, is suspended or disqualified from it or otherwise) before he, she or it has taken part in the event, then any Sports Book wager placed on that player, team or competitor (as applicable) will be deemed a losing wager.
- b. If a player, team or other competitor has taken any part in a sports event once it has officially started and then fails to complete that event for any reason, any Sports Book wager placed on that player, team or other competitor will be deemed live or "Action" (i.e. wagers on that player, team or other competitor will not be deemed "No Action" and will not be refunded).

## **8. Sports Event Abandonments, Cancellations, Postponements**

Some sports have different rules regarding abandonment, cancellation and/or postponement and these are listed in the Individual Sports Rules or within the Sports Book's betting sheets or other official printed wagering information and media. However, where a sport has no rules in the Individual Sports Rules, (or within the Sports Book's betting sheets or other official printed wagering information and media), in relation to an abandonment, cancellation and/or postponement, all sports events must be played on the date scheduled to have "Action", and the winner of a sports event will be determined on the date of such event's conclusion subject to the following:

- a. In relation to any golf tournaments, boxing matches, tennis matches, auto races, track and field events and international tournaments, if the event is not completed within thirty (30) days after its originally scheduled date, then all Sports Book wagers for such event will be considered “No Action” and refunded.
- b. The Sports Book does not recognize defaults prior to the start of the event, suspended events, protests, or overturned decisions for wagering purposes.
- c. If on the day of the sports event’s conclusion, no winner(s) is/are determined, the minimum play requirements are not met (see Section 11 of these Sports Book House Rules) or “No Contest” is declared, all Sports Book wagers on that event will be considered “No Action” and will be refunded.
- d. All big game future Sports Book wagers (index/odds to win a future contingency) are “Action” as long as a winner/champion is officially declared, regardless of season length, playoff format or date change. All future Sports Book bets are “Action” regardless of team relocation, name change or a change in league affiliation. “No Action” wagers will be refunded.
- e. All league championship and division future Sports Book wagers (including conference, division, etc.) have “Action” as long as a winner/champion is officially declared, regardless of season length, playoff format or date change. “No Action” wagers will be refunded.

## **9. Change of Sports Event Venue**

The Sports Book is not responsible for location changes. In situations where the event is played at a location or venue different to that listed, all wagers on the event shall have “Action”, unless otherwise provided for in the Individual Sports Rules of these Sports Book House Rules or within the Sports Book’s betting sheets or other official printed wagering information and media.

## **10. Periods of Time Rule**

Some sports have different rules for when sports event times or schedules are changed and these are listed in the Individual Sports Rules or within the Sports Book’s betting sheets or other official printed wagering information and media. However, if not dealt with in the Individual Sports Rules or the Sports Book’s betting sheets or other official printed wagering information and media, then the following shall apply:

- a. On half-time wagers, scoring during the second half shall determine winners and losers. Overtime periods are included as part of the second half. On first-half, quarter, period, set, inning, etc., wagers, only scoring during that designated portion of play shall determine winners and losers.
- b. References within these Sports Book House Rules to a particular number of ‘days’ shall mean the end of the day local time after the expiry of the specified number of days. For example, if a boxing match is scheduled for the 1<sup>st</sup> of December, then the rule that allows the match to be completed within thirty (30) days after the scheduled completion date (see Section 8(a) above) would mean that the deadline for completion of that match would be 11:59:59 p.m. on the 31<sup>st</sup> of December.

## **11. Minimum Play Requirements**

Some sports have different rules for minimum play requirements for Sports Book wagering purposes and these are listed in the Individual Sports Rules or within the Sports Book’s betting sheets or other official printed wagering information and media.

If not addressed in the Individual Sports Rules (or the Sports Book's betting sheets or other official printed wagering information and media), for sports events that involve a scheduled length of play or time limit, such events must play to their conclusion or have five minutes or less of scheduled playing time remaining when the contest concludes to be considered official for wagering purposes. If an event is declared not official, all wagers shall be deemed "No Action" and shall be refunded.

## **12. 'To Qualify' Sports Book Wagers Rule**

Some sports have different rules regarding 'to qualify' Sports Book wagers and these are listed in the Individual Sports Rules or within the Sports Book's betting sheets or other official printed wagering information and media. However, if not dealt with in the Individual Sports Rules (or the Sports Book's betting sheets or other official printed wagering information and media), then any to qualify Sports Book wager (e.g. 'to reach the final' wagers) will be determined by the competitor or team that progresses, whether or not they take part in the next round or event for which they have qualified. Such wagers shall be settled after the qualifying stage and any subsequent disqualification or amendment to the result shall not count.

## **13. Dead Heat Rule**

Dead heat is a term that describes when two or more selections in an event tie. If a 'dead-heat' between two selections is declared on any event, half the stake is applied to the selection at full odds and the other half is lost. If more than two 'dead-heats' are declared, the stake is proportioned accordingly. Unless stated otherwise in the Individual Sports Rules, or within the Sports Book's betting sheets or other official printed wagering information and media, this "Dead Heat Rule" applies to Sports Book wagers where there are more winners than expected.

## **14. Errors**

The Sports Book makes every effort to ensure that it does not make any errors when accepting Sports Book wagers. However, if as a result of technical or Sports Book system problems or human error, a Sports Book wager is accepted that is at odds (which includes handicap provisions or similar) and/or is on terms that are either (a) materially different from those available in the general wagering market at the time the wager was made; or (b) clearly incorrect given the chance of the event occurring at the time the Sports Book wager was made including, in either case, because the wager was placed after the start of an event, because the sport was not displaying or reflecting in-play status, or because of any other reason, then the Sports Book reserves the right to either (i) correct any obvious errors by settling winning Sports Book wagers at the 'correct price,' as reasonably determined by the Sportsbook, or (ii) deem any wager placed where such errors have occurred as "No Action" and refund such wagers.

## **15. Minimum and Maximum Wager Limits**

Sports Book management shall set minimum and maximum wager limits for sports events in management's sole discretion, which such limits shall be available upon request, *provided*, in no event shall Sports Book management set a wager limit lower than \$0.01 or in excess of \$1 Million for any Sports Book wager.

Maximum wager limits for a sports event and/or Sports Book wager may also be determined based on the maximum winning limits and the applicable odds posted for such event and/or wager, so that the actual maximum wager limit may be lower than as set by the Sports Book in the event, due to changing odds,

the wager limit would result in a payout that exceeds the maximum payout limit established by the Sports Book pursuant to Section 16 below.

## **16. Maximum Payout Limits**

Maximum payout limits shall be established at the discretion of Sports Book management. The maximum payout limits refer to the total returns a guest's Sports Book wager(s), excluding such guest's original stake. The maximum payout limits apply to any one guest backing the same combination of selections, regardless of whether or not such wagers are struck separately, at a range of different prices, and/or on different days. If the Sports Book believes that a number of Sports Book wagers have been placed in this way, the total payment of all those wagers combined may, in the Sports Book's sole discretion, be limited to one single maximum payout.

If a guest places a Sports Book wager that exceeds the applicable limits for a particular event, the maximum payouts will still apply. If a multiple/parlay Sports Book wager has been placed which involves events with different maximum payout limits, the lowest applicable maximum payout limit will apply to the whole of such multiple wager— for example, if a guest places a multiple Sports Book wager on a golf match, which, for purposes of this example, has a maximum payout limit of \$1,000, and on a tennis tournament, which, for purposes of this example, has a maximum payout limit of \$3,000, the winnings will be capped at \$1,000 and not \$3,000.

## **17. Multiples/Parlay Sports Book Wagers**

- a. A multiple Sports Book wager, or a parlay wager, consists of a number of legs or events, defined as one or more chosen selections within or across different sports or sporting events.
- b. The Sportsbook reserves the right in its sole discretion not to accept certain multiple Sports Book wagers or to scale back or increase the stakes.
- c. All multiple Sports Book wagers placed are subject to the Individual Sports Rules below or the applicable Sports Book's betting sheets or other official printed wagering information and media that apply to each individual sport that relates to any leg of any multiple Sports Book wager.
- d. If any selection in any leg is deemed "No Action" under these Sports Book House Rules (e.g., an abandoned match) then all Sports Book wagers on that individual leg will be void and the multiple Sports Book wager shall be adjusted accordingly. For example a three selection parlay including one void leg will become a two selection parlay. If that voided leg means that an individual wager within a multiple becomes a single Sports Book wager, then such single wager will stand.

## **18. Guest Sports Book Questions, Complaints and Disputes**

When the bell (buzzer, etc.) is sounded signifying the start of the opening round the bout is considered official for wagering purposes, regardless of the scheduled length, *provided*, for “Bout Decided by Decision,” “Fighter to Win by Split Decision” and “Fighter to Win by Unanimous Decision” wagers, all scheduled rounds must be completed.
- b. In boxing Go/Don’t Go (over/under) proposition wagers, a full round is defined as one in which the bell (buzzer, etc.) has sounded, signifying the conclusion of such round. If a fighter is counted out or the bout officially stopped prior to the bell, that round is not considered a full round for wagering purposes. If a half round (one minute and thirty seconds of a round), or other specified time is listed, the official time of the bout’s conclusion, as determined by ring officials, will determine proposition winners and losers.
- c. If the fight ends exactly at a half a round, it will be graded as an over.

The halfway point of a five minute round is at the two minutes and thirty seconds mark.

- e. Unless otherwise stated, the ring announcer will announce the elapsed time of any uncompleted round. "At X:XX of round X" or "X:XX into the Xth round" refers to time completed in the round, not time remaining in the round.
- f. If the fight ends exactly at a half a round, it will be graded as an OVER.
- g. Event results will be graded/re-graded based on the official result at ringside. An event result may be revised or altered after initial presentation by the ring announcer. Event results are not official for wagering purposes until verified by officials at the event venue. - k. A wager on a fighter to "win by X round decision" wins only if the selected fighter wins by decision where the fight goes the "complete distance".

- p. A wager on a fighter winning in a specific round is a loser if the fight goes the "complete distance".
- q. A fighter wins by "Unanimous Decision" when all three judges score that fighter as the winner.
- r. A fighter wins by "Split-Decision" when two judges score that fighter as the winner and one judge scores the other fighter as the winner.
- s. A fighter wins by "Majority Decision" when two judges score that fighter as the winner and one judge scores the fight a draw.
- t. A fight is a "Unanimous Draw" when all three judges score the fight as a draw. In such event, all wagers will be deemed "No Action" and refunded.
- u. A fight is a "Split-Decision Draw" when one judge scores the fight a draw, one judge scores, the fight for one fighter, and one judge scores the fight for the other fighter. In such event, all wagers will be deemed "No Action" and refunded.

- x. If the phrase “Fight goes 1:30 round X”, and the fight ends at exactly that second of that round, then “Fight goes” will be graded the winner.
- y. In round distance wagering, if a fighter fails to answer the bell for the start of any round, the fight officially ended in the last round fought. In total wagering, if a fighter does not answer the bell to start a round where the fight has gone the exact distance listed on the total, the UNDER is the winner. For example, fighter A/fighter B total rounds are listed as 6 rounds; fighter A fails to answer the bell to start the 7th round; the fight officially ends in the 6th round and the proposition would have UNDER as the winner.
